As of August 2023, the worldwide downloads for these are over 8874.

☞ All the Dive Site Monographs are freely available via [divesites.smiliemail.org/gallery](https://divesites.smiliemail.org/gallery)

As of August 2023, the worldwide downloads for these monographs are over 326.

Currently he maintains the **Workshop Camera Club** website. He used to tutor part time in IT at a University in West Australia. He constantly bored his students with tales of underwater adventures, of scanning the horizon, of looking for future Diving PhotoJourneys... Damn this pandemic.

Sometimes he is neutrally buoyant, sometimes quite bubbly...
